DEFENSE NUCLEAR FACILITIES SAFETY BOARD

625 Indiana Avenue, NW, Suite 700, Washington, D.C. 20004-2901
(202) 694-7000

ANNOUNCEMENT

For Immediate Release
Washington, D.C.

March 25, 2005

The Defense Nuclear Facilities Safety Board (Board) is pleased to announce the assignment of Mr. William Linzau as the Board's Site Representative at the Department of Energy's Hanford Site near Richland, Washington.

The Board is an independent federal government agency with public health and safety oversight responsibilities at the Department of Energy's defense nuclear facilities. As the Board's Hanford Site Representative, Mr. Linzau will advise the Board with regard to the overall safety and health conditions, and will participate in the conduct of reviews and evaluations by the Board related to the design, construction, operation, and decommissioning of defense nuclear facilities. He will also act as the Board's liaison with the Department of Energy and Hanford management, federal, state and local agencies, the public, and industry officials.

Mr. Linzau joined the Board in May 1999. His previous assignments with the Board included responsibility for staff activities related to the design and construction of new facilities, radiological waste stabilization and processing, and safety analysis. Mr. Linzau graduated magna cum laude from Howard University with a bachelor's degree in Civil Engineering and earned a master's degree in Civil Engineering from Georgia Institute of Technology. Mr. Linzau received an honorable discharge following six years of service in the United States Navy.

Mr. Linzau and his wife Fleeta plan to reside in the Richland area.
