The report will contain a detailed study and recommendations, by February 1, 2014, to the President of the United States and the Congressional defense committees.

The Director of Administration and Management, Office of the Secretary of Defense, is responsible for ensuring the completion of the study and the submission of the report to Congress within the required timeframe.

The report should be comprehensive and cover the fulfillment of current and anticipated mission requirements and the recommendations for the future of the U.S. Air Force. The structure of the U.S. Air Force will be modified to best fulfill current and anticipated mission requirements.

The American Society of Civil Engineers (ASCE) will conduct a comprehensive study of the structure of the U.S. Air Force, will determine whether and how the structure should be modified to best fulfill current and anticipated mission requirements for the U.S. Air Force in a manner consistent with available resources and submit a report, containing a comprehensive study and recommendations, by February 1, 2014, to the President of the United States and the Congressional defense committees. The report will contain a detailed statement of the findings and conclusions of the Commission, together with its recommendations for such legislation and administrative actions it may consider appropriate in light of the results of the study.

Dated: January 9, 2014.

Aaron Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.
