

Proposed Amendment: Amend page 4, Section “II. Nuclear Weapon Operations/ Los Alamos National Laboratory (LANL)/Inappropriately Remediated Nitrate Salt Waste”, first paragraph by deleting the 4th and 5th sentences that read – “Over the course of 2016, the Board’s staff reviewed LANL’s safety basis for treatment of the RNS waste and performed an independent assessment of LANL’s modeling of wildland fires that could impact the RNS waste. Members of the Board and the Board’s staff performed multiple walkdowns of Area G and the Waste Characterization, Reduction, and Repackaging Facility (WCRRF)—the facility that will treat the RNS waste—to assess controls for safe RNS waste storage and LANL’s preparations to treat the RNS waste.”

Justification: During the reporting period covered by this report to Congress, the Board has not formally communicated to DOE the Board’s conclusions regarding: LANL’s safety basis for the treatment of the RNS waste, the independent assessment of LANL’s modeling of wildland fires, and the assessment of controls for safe RNS waste storage.

The Annual Report to Congress should include activities by both the Board and the Board staff. This issue was raised last year and the authors made the distinction between Board and Board Staff. I see no reason to withhold information to Congress or the staff simply because the Board has not acted on it. The Agency is authorized and funded by Congress with taxpayer funds and we should be transparent as to how we are spending those funds.
