Subject: Please cease all plutonium pit production

As a wife of a nuclear scientist and US Navy submariner, I've been actively studying plutonium, its production, its transportation, and its risks for over 40 years. I've worked with TriValley CAREs, citizens for a nonradioactive environment with Marylia Kelly, and continue to work with Greg Mello of the Los Alamos Study group.

Please cease any further plutonium pit production: the moral argument against it is overwhelming. The political argument is spurious and discounts our duty to protect the Earth's biosphere in this time of climate change and perilous state of the ecosystems.

Using plutonium based weapons against life in any way is unethical.

Maj-Britt Eagle, (Jim Eagle)
