I see value in holding a hearing to get feedback from the Department about which the Board still has concerns. While the Department at the headquarters level has spoken to the Board on a subset of these topics, we have not heard from the field.

As for the meeting, I would like to better understand the goals of such a meeting and on what substantive issue the Board would be deliberating. During discussions of whether the Board should hold a hearing and a meeting, or just a meeting, I did not get a sense at that time that there was any desire for a meeting on the part of other Board Members. If that had been the case, I would have supported a combined activity as outlined in Board procedures.
