RE: Call for Suspension of Order 140.1

Dear Secretary Perry:

On behalf of the Santa Fe County Board of County Commissioners of Santa Fe County, I write to express our strong support for, and agreement with, Senators Udall and Heinrich's September 5, 2018 letter to you regarding the Department of Energy's (DOE) new Order 140.1. We join in Senator Udall and Heinrich's call to suspend the implementation of Order 140.1 to allow the Defense Nuclear Facilities Safety Board (DNFSB), Congress, affected state and local governments, and the public sufficient time to review and comment on Order 140.1.

Given that Santa Fe County borders Los Alamos National Laboratory (LANL) to Santa Fe County, to the east and southeast and the fact that many county residents work at or near LANL, the ability of DNFSB to perform its statutory duty to ensure the safety of communities and workers at nuclear security labs and the Waste Isolation Pilot Plant (WIPP) is of paramount importance to Santa Fe County and its residents. We echo Senators Udall and Heinrich's strong support for the mission of the DNFSB, and share their concerns about DNFSB staff's difficulties in accessing information regarding recent safety issues at LANL. We unreservedly stand with our Senators in opposition to any action by DOE that would weaken or restrict the DNFSB's statutory authority to help protect our residents.

We join our Senators in urging you to suspend Order 140.1, and to receive and give due consideration to comments and suggestions from members of the DNFSB and Congress, as well as to concerns expressed by the public at public hearings at DOE facilities located across the country. We support the public's request that DOE hold three hearings in New Mexico—near WIPP, Sandia National Laboratories, and Los Alamos National Laboratory. Thereafter, we request that you reissue a revised order that does not in any way impinge upon the DNFSB's statutory authority to perform its critical mission of helping ensure

the health and safety of Santa Fe County residents and all New Mexicans who live near or work at federal nuclear facilities in our state.

Sincerely,

Board of County Commissioners for Santa Fe County
