

## **Department of Energy**

Washington, DC 20585

September 15, 1995

The Honorable John T. Conway Chairman Defense Nuclear Facilities Safety Board 625 Indiana Avenue, N.W. Suite 700 Washington, D.C. 20004

Dear Mr. Chairman:

This letter transmits to you the attached Department Standards Committee Action Matrix dated September 15, 1995. This matrix outlines the action items approved by the Department Standards Committee to integrate and coordinate all standards-related activities (Commitment 2.2 of the Implementation Plan for Board Recommendation 94-5). The matrix is a living document which will be updated by the Committee especially as work continues on the "Necessary and Sufficient" process.

If you have any comments regarding this matter, please contact me at (202) 586-2407, or Mr. Richard Black at (301) 903-3465.

Sincerely,

Orin F. Pearson Deputy Assistant Secretary Nuclear and Facility Safety

Attachment

cc: M. Whitaker, EH-9

## **ACTION MATRIX**

If you select Commitments under the View option, the above Commitments Screen will be displayed. Information on the first Commitment will be shown. This screen contains the statement of the commitment, complete status information, a descriptive status field where status details pertinent to the responsible organizations can be entered by those organizations, and index information which contains keywords pertinent to the commitment subject matter. The "Previous" and "Next" options at the bottom of the screeen allow you to scroll through all of the Commitments. An alert message will indicate when you have scrolled forward to the last commitment or backward to the first. By selecting the "Cancel" option, you will be taken back to the Main Menu Screen.
